

## Nose Bag Lunch

“Nose bag” is a Girl Scout term for a lunch you can carry. When a horse is away from his home quarters, their owner can provide a nose bag (sack) of feed that hangs on his bridle! You can carry your own personal “nose bag” in a bandana, lunch bag, etc. Here are directions to make nose bag lunch!

### Materials:

- Stick or rod
- Bandana or square cloth
- Lunch or snacks

### Directions:

1. Lay the bandana flat.
2. Place your food in the middle of the bandana.
3. Tie one pair of opposite diagonal corners together with a simple knot (A).
4. Place the stick on top of the knot, with several inches hanging over the side.
5. Then tie the two remaining corners to together, securing it to the stick (B).
